

The public comment period on the Donlin Gold project has been extended.  
Use this postcard to comment.

Please send your postcard to the U.S. Army Corps of Engineers with postmark before the **May 31, 2016** deadline.

The Donlin Gold Project

Should be allowed to move forward. It will be a good project in a region where there are few other jobs. It will be good for Alaskans. As a lifelong Alaskan, I support Alternative 2 - the proposed project.
